

# Cochran's Crossing Fall Festival

## Sponsorship and Business Opportunities

October 20, 2024 - 1:00 to 4:00 p.m. at Shadowbend Park

Cochran's Crossing Village Association (CCVA) is a non-profit volunteer civic organization serving the residents of The Woodlands Township Village of Cochran's Crossing. This 33rd Annual Fall Festival is anticipated to draw over 2000 attendees, is a free event is open to all and typically includes games and prizes for children of all ages, music, petting zoo or pony rides, photo booth, bounce houses, rock climbing wall, hot dogs and more. The festival is a great opportunity to take part in your community and meet new (and existing) customers. Opportunities include sponsoring event tote bags and renting booths for your business. Proceeds fund student scholarships and elementary and intermediate school teacher grants. Thank you for your support.

COCHRAN'S CROSSING VILLAGE ASSOCIATION

Tote Bag Sponsorship

Yes, I/we want to show our support for Cochran's Crossing and The Woodlands by sponsoring Cochran's Crossing Village Association ("CCVA") custom tote bag and agree as follows:

- CCVA intends to print at least 1200 custom totes, with 1000 or more to be distributed at the 2024 CCVA Fall Festival at Shadowbend Park (sponsors will receive some as well);
- Weather or other conditions beyond CCVA's control may prevent distribution of some or all of the bags at the 2024 Fall Festival, in which case they will be used for other events at the discretion of the CCVA board;
- If for any reason CCVA determines that printing custom bags is not possible or in the best interests of CCVA, all sponsorship fees will be refunded in full.
- Sponsors are responsible for providing payment and logo or other artwork to CCVA not later than August 23, 2024. If artwork does not meet minimum printing standards, an art fee may be charged or a typed business name substituted at CCVA's discretion;
- Arrangement of logos or names will be determined to best balance a variety of images in CCVA's discretion and some variance in size is possible.
